

**Florida International University**

**For 2018  
academic year**

**Department of Biological Sciences**

**MARINE BIOLOGY  
BACHELOR OF SCIENCE  
PROGRAM OF STUDY**

**For students admitted Fall semester of 2017 or later**

Students are encouraged plan their own course selections; PLEASE READ COURSE DESCRIPTIONS in the UNDERGRADUATE COURSE CATALOG at [catalog.fiu.edu](http://catalog.fiu.edu). Most elective courses have prerequisites that must be taken BEFORE you take the elective course. To see your own progress, you can see and print out your own PantherSoft Degree Audit (PDA) at [my.fiu.edu](http://my.fiu.edu). If you need assistance or have any questions you are encouraged to see an advisor prior to each registration period. There is a dedicated Marine Biology Advising Office at the Biscayne Bay Campus (e-mail [mbioadv@fiu.edu](mailto:mbioadv@fiu.edu)), as well as a Marine Biology academic advisor at Biscayne Bay Campus located at Academic One, Room 300. Faculty in Biological Sciences, including Marine Biology faculty, are also available to provide academic and career advising. All Science and Math courses must be completed with a grade of "C" or better to satisfy the requirements.

**LOWER DIVISION PROGRAM – MARINE BIOLOGY**

- UCC – University Core Curriculum (**Note:** Transfer students with an AA degree from a Florida State System Community College or University are exempt from the UCC)
- Students entering the University with fewer than 60 hours must complete 9 hours of coursework during the summer semester
- General science requirements (generally offered every semester)

<b>General Science Courses</b>	<b>FIU ( ) = credit hours</b>	<b>MDC equivalent</b>
General Biology I and II	BSC 2010(3)+Lab(1) BSC 2011(3)+Lab(1)	BSC 1010+Lab or BOT 1010+Lab BSC 1011+Lab ZOO 1010+Lab
General Chemistry I and II	CHM 1045(3)+Lab(1) CHM 1046(3)+Lab(1)	CHM 1045+Lab or CHM 1040+Lab CHM 1046+Lab CHM 1041+Lab
(A) Organic Chemistry I (B) Organic Chemistry II	CHM 2210(4)+Lab(1) CHM 2211(3)+Lab(1)	CHM 2210+Lab
General Physics I and II	PHY 2053(4)+2048L(1) PHY 2054(4)+2049L(1) without Calculus or PHY 2048(4)+Lab(1) PHY 2049(4)+Lab(1) with Calculus	PHY 2053+Lab PHY 2054+Lab  PHY 2048+Lab PHY 2049+Lab
Mathematics - Students must complete sub-requirements (A) <u>and</u> (B)		
(A) Calculus I	MAC 2311(4)	MAC 2311
(B) Calculus II	MAC 2312(4)	MAC 2312
or		
Statistics I and II	STA 2122(3) & 3123(3) or STA 3111(3) & 3112(3)	

**Note:** Calculus I and Statistics I together do not satisfy the requirement  
STUDENTS WHO TAKE STATISTICS I AND II MUST ALSO COMPLETE CALCULUS I

## UPPER DIVISION PROGRAM – MARINE BIOLOGY

Required Courses		Credits	Prerequisites (grades of C or higher)
Ecology	PCB 3043 ● ◇ ■	3	BSC 2010 + BSC 2011
Genetics	PCB 3063 ● ◇ ■	3	BSC 2010
Evolution	PCB 4674 ● ◇ ■	3	PCB 3063 + PCB 3043
Marine Biology and Oceanography	OCB 3043 ◇ ■	3	BSC 2010 + BSC 2011
Marine Biology and Oceanography Lab	OCB 3043L ◇ ■	1	(coreq. or prereq.) OCB 3043
Physical Oceanography	OCP 3002 ◇ ■	3	CHM 1045, (PHY 2048 or PHY 2053)
Senior Seminar	BSC 4931 ● ◇ ■	1	Senior standing (≥ 90 credits); (coreq. or prereq.)

### □ 5 Upper Division Marine Electives (at least 15 credits from among the following courses)

At least 15 credits spread among the following required areas A, B, C and D. Note: At least 1 class per required areas (A, B, C, D) needs to be taken plus one additional class from any of the four categories for a total of 15 credits.

*Requirement (A):* Biology and Physiology of Marine Organisms

*Requirement (B):* Marine Ecology and Conservation Biology

*Requirement (C):* Field Marine Biology Experience

*Requirement (D):* Marine Molecular Biology

#### (A) Biology and Physiology of Marine Organisms

1. Invertebrate Zoology ZOO3205C (4) ◇
2. Marine Botany BOT4402C (4) \* or Phycology BOT4404 (3) ■
3. Biology of Marine Mammals OCB4303 (3) ◇ ■
4. Marine Microbial Ecology OCB4632 (3) \*
5. Fish Biology ZOO4454 (3) ■
6. Animal Physiology PCB4723 (3) ■ or Comparative Physiology PCB4724 (3) ◇

#### (B) Marine Ecology and Conservation Biology

1. Marine Conservation Ecology OCB4070(3) \*
2. Coral Reef Biology OCB3264 (3) ■
3. Marine Community Ecology OCB4633 (3) \*
4. Fisheries Science OCB4711 (3) \*
5. Marine Protected Areas PCB4467C (4) ◇

#### (C) Field Marine Biology Experience

1. Field Methods in Marine Ecology OCB 4104C (4) ◇
2. Biological Oceanography at Sea I or II OCB 4004 (3) \* or OCB 4005C (4) \*
3. Scientific Diving BSC 4473C (3) (does not count as a lab) ● ◇ ■
4. Independent study with a Marine Biology faculty member BSC 3915 or 4914(3) ● ◇ ■ (Note-requires prior permission of Marine Biology Director)

#### (D) Marine Molecular Biology

1. Cell Biology PCB 4023 (3) ● ◇ ■
2. Molecular Biology PCB 4524 (3) ● ◇
3. Bioinformatics for Biologists BSC 4434 (3) ◇ ■
4. Immunology PCB 4233 (3) ● ◇ ■
5. Population Genetics PCB 4467 (3) \*

Other courses, as approved in advance by the Marine Biology Undergraduate Program Director, may also be used. Prerequisites may be waived with the permission of the instructor only.

### □ 4 Upper Division Labs – OCB 3043L plus 3 additional upper division labs. Labs may be selected from any Upper Division Required or Marine Elective courses (co-requisite or prerequisite: the corresponding lecture course). Course numbers followed by the letter C count as both a lecture and a lab.

PCB 3043L-Ecology Lab ● ◇ ■      OCB 4104C-Field Methods in Marine Ecology ◇      ZOO 3205C-Invert. Zoology ◇  
 PCB 3063L-Genetics Lab ● ◇ ■  
 PCB 4023L-Cell Bio. Lab ● ◇ ■  
 PCB 4467C-Marine Protected Areas ◇

● offered in Summer; ◇ offered in Fall; ■ offered in Spring ; \* not offered this academic year

- Global Learning – One Global Learning foundations course (part of the UCC) and a second discipline-specific Global Learning course offered by any FIU department. See [goglobal.fiu.edu/courses](http://goglobal.fiu.edu/courses) for a list of acceptable courses. PCB 4467 Marine Protected Areas and PCB 4553 General Population Genetics are discipline-specific Global Learning classes in the Marine Biology curriculum. (**Note:** Transfer students with an AA degree from a Florida State System Community College or University may take one GL foundations course and a second discipline-specific GL course, or two discipline-specific GL courses offered by any FIU department.)
- 9 credit hours of courses outside the major (see page 3) within the last 60 hours of enrollment  
Marine Biology majors are encouraged to consider Scientific Writing and/or Public speaking courses to fulfill some of these required credits.
- 120 total credit hours required for graduation, including a minimum of 45 upper division (3000- and 4000-level courses)  
\*Please be aware that depending on your course selection, the FIU Marine Biology Program can take from 115-125 credit hours to complete. However, to receive an undergraduate degree from FIU, **you must take a minimum of 120 credit hours.**

## GENERAL REMARKS – MARINE BIOLOGY

↗ Total number of credit hours needed for graduation	120
↗ Number of upper division credit hours needed	45
↗ Upper division credit hours with 10 biology or marine courses, 4 labs and Senior Seminar (Note, transfer students with >60 credits, must take at least half of their upper division credits at FIU)	35
↗ Credit hours needed outside major (see below) in last 60 hours of enrollment	9

**Note:** For the B.S. in Marine Biology, “outside the major” means outside all the Biological Sciences prefixes BCH, BOT, BSC, ENY, MCB, OCB, PCB, ZOO, and outside of the following courses in other departments: CHM 5285 Marine Natural Products, CHS 4600 Marine Chemistry, GLY 4730 Marine Geology, OCE 3014 Oceanography, OCP 3002 Physical Oceanography. Take these 9 credit hours outside the major from upper division courses to help you reach the 45 hours needed for graduation

### ↗ Minor in Marine Biology

BSC 2010 and BSC 2011 with labs, OCB 3043 plus lab, and at least two Upper Division Marine Elective courses. Total upper division credits for OCB 3043 plus lab and Upper Division Marine Electives must number 10 or more. Grades of “C” or better are required for all courses and the labs.
